Overview

The Giggle Dam Dinner Theatre corporate packages give your corporate event excellent value in addition to creating a memorable occasion that will keep your staff and management talking for a very long time, not to mention the easiest function your poor little organizer will ever plan. Forget about booking the bland hotel conference room, fighting with the caterer and trying to find some sort of entertainment for everyone to enjoy. The Giggle Dam is your one-stop corporate party shop. Designed for groups of 75 or more the Giggle Dam experience is affordable and flexible. We aim to keep the bean counters of your business happy even before you walk through the doors and all attendees hurting from humour after they leave.
